

Hillcrest family, we are running the Garmin Kansas City Half Marathon on October 15 with Team World Vision to help provide life-changing clean water to children and communities in developing countries. Over the last 16 years, Team World Vision has helped almost 100,000 people (including Hillcresters last year) cross finish lines across the country. **And most of them had never run a 5K.**

When you register Team World Vision will provide you with everything you need to cross the finish line: training plans, weekly email encouragement, fundraising guides and incentives, and an incredible race weekend experience.

In Africa, there is a saying: "If you want to go fast, go alone. If you want to go far, go together." Join us and let's **go farther together!**

To join us please scan the QR code and send a text to HILLCRESTINFO to 44-888 or click the QR code below. We'll send you what you need to pay & register for the race after you join the team.
